

DESIGN 360-DESIGN REDEFINED

The School of Architecture, Government Engineering College Thrissur is all geared up to host 'DESIGN 360' a three day architecture symposium scheduled from 28th to 30th November, 2014 ,for the academicians and student architects of the various colleges in the state. The programme is in conjunction with "THRISSUR-NEXT"; an urban design workshop to fulfil the renewal dreams of the old CBD of Thrissur city which includes discussions and presentations of renowned urban designers, planners and architects of national and international repute.

Design 360 also includes four major design competitions and interactive sessions for the student architects ,along with cultural and informal events that add to the extravaganza. At this juncture, School of Architecture, GEC Thrissur, proudly celebrates its Crystal Jubilee as well as the inauguration of the Masters Programme in Urban Planning in the department.
