## ITEM SPECIFICATION

Sl No	Item	Qty
1	Electrical strain gauges compatible with the existing NI make Data Acquisition system Strain / Load module: NI PXIe-4330 8-Ch Bridge Analog Input (25/50 mV/V)	
1.1	Linear strain gauges - The product should be of international repute with the following specifications: nominal resistance 350 Ohms, Measuring grid length 6mm - tools and aids for strain gauge installations (especially cleaning agent (acetone), adhesive of cold curing type usable for all types of strain gauges and low resistance ribbon wire for connecting strain gauges to acquisition systems	100 no.'s
1.2	Strain gauge ( universal strain gauge for stress analysis) The product should be of international repute with the following specifications: Geometry: rectangular rosette, offset 0°/45°/90°, grid length 6 mm, Nominal resistance: 120 Ohms, 2 wires connection of length 0.5 m.	20

Note: configuration of the existing LAB-View software in the department with the gauges is to be undertaken by the supplier
