

NOTICE

It is hereby informed that all students take special attention to curtail the 'shigella' outbreak in hostel by following the below mentioned instructions strictly.

- 1) All cases of gastro intestinal symptoms/fever are to be reported to the GD Ramavarmapuram or BPHC Vilvattom on their own and inmates should intimate the same to the warden/Sergeant/Sick room attender or the concerned floor representative. The details of students with symptoms should be entered in sick register.
- 2) All inmates should maintain separate utensils for taking food and water. Sharing of food should be avoided till the containment of outbreak.
- 3) Clean & boiled water should be used and also take attention to avoid food from outside.
- 4) Mess director should ensure good quality food in hostel mess. Private mess food also be evaluated by the student representative.
- 5) All students should adhere to the hand washing protocol strictly especially after using the toilet and before consuming the food.
